To our mind the recent decision of the Court of Appeals in the pooling case is one of the most unreasonable and outrageous constructions of the law ever heard of in any civilized country and is a clear violation of the State and Federal Constitutions.

An Outrageous Decision and Its Consequences.

The mere fact that any Court is catering to the farmer vote is hardly sufficient legal ground for our laws to be prostituted to the uses and abuses of the tobacco growers, as a class, and a favorite class at that. Class legislation is always vicious and impudently unconstitutional, and it is an insult, born of the arbitrary power of biased Courts, for the people to have to submit to it. There is a line beyond which "State's rights" cannot go, and class legislation by States is at the top of the list. Kentucky has been almost entirely built up by outside capital, and now for the Legislature and the Courts to begin to stand in with the tobacco grower simply to curry favor at the ballot-box is, to say the least, the last "damnable straw" which bows the camel's back, and the camel in this instance is the whole people of old Kentucky. A dispatch from Frankfort, bearing on the decision referred to, says:

"It is announced that the effect of the decision will be that the tobacco growers and growers of other farm products in the State can pool their crops in order to ob-

tain better prices, but Trusts, pools, combines and other similar organizations cannot combine to enhance the value of any article above its real value nor depreciate its price below its real value."

Where is this thing going to stop, if the farmers are backed by partisan State Courts in their inordinate desire to inflate the prices of their products? Has the manufacturer and the consumer no voice in this matter? And has the farmer no pity or mercy for the poor, who are gradually being crushed and starved by the combination of the growers? The rich and well-to-do can stand high prices, but the suffering millions are chained down to eat the bread of poverty by the tyrants who lord it over them.

The International Harvester Company has adopted old-age pensions for employees, affecting 28,000 men.

HERE is a little golden text for all men to read and heed:

"Each citizen owes something to his own city besides taxes and charity. Loyalty, service and good citizenship are incumbent upon him, and the lack of these places him in the delinquent class, from which may we eventually be delivered."

DR. DAVENPORT, Dean of the Illinois Agricultural University, proposes "that all the 'culls' or 'scalawags' of the human race should be taken before the Courts, scientifically investigated, and, if found unworthy, colonized and allowed to die off." Yes, Doc, but who's going to cull the cullers? You can't play any favorites in this new stunt. No "class legislation" goes in anything, you know.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

Another Operation Avoided.
Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."

LYDIA E. PINKHAM'S Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

A SPECIALIST SAYS:

"Piles Can't Be Thoroughly Cured By Outward Treatment"

Dr. J. S. Leonhardt, of Lincoln, Neb., the celebrated specialist, who has studied every phase of piles, says: "Piles can't be thoroughly cured by ointments, nor any other outside treatment. The cause is internal, and needs internal treatment." Dr. Leonhardt perfected Hem-Roid, the first internal pile cure. It frees circulation in the lower bowel, and has cured 98% of cases.

MR. JOHN W. HANNA

Mr. John Washington Hanna, one of Dover's oldest and at one time most prosperous merchants and citizens, died Sunday evening, in his 69th year.

He was born in Clermont county, Ohio, and spent the most of his life at Dover in the mercantile business. He was married twice, his last wife being a daughter of the late L. Tabb, who survives, with her two sons, Nathan and Richard. He also leaves two daughters by his first wife—Mrs. Frank Crolley and Mrs. Etta Moffett, both of Akron, Ohio. Mr. Hanna was a brother-in-law of Mrs. Thomas P. Anderson of near this city.

Deceased was a very liberal-hearted man and at one time was quite wealthy. His remains were interred at Dover yesterday morning.

Delights Big Crowd at Princess Rink—Wrestlers Win Applause

The wrestling exhibition last night at Princess Rink was as pretty a demonstration of the scientific points of the Greco-Roman art of wrestling as has ever been the good fortune of a layman's lovers of gymnastic sports to witness. The two clever Cincinnati amateurs, Messrs. Prendemour and Sandow, held the large audience spellbound for twenty minutes, while they demonstrated the different scientific points used in a wrestling match.

This was the first opportunity that has been offered us to witness an exhibition of this kind and it was certainly appreciated, a fact evidenced by the rapt expressions on the faces of the audience.

Ohio May Reach 40 Foot Stage by Tomorrow Morning

Yesterday's Times-Star.

River men and owners of floating property have been warned to prepare for a high stage of water in the Cincinnati district by the end of the week. Forecaster Bassler predicts the river will exceed 36 feet in the harbor here by Thursday morning.

With the valley covered with snow from Pittsburgh to below Cincinnati and moderating weather predicted for Thursday the present rapid rise in the Ohio will be greatly augmented.

With the water now in sight from above it seems almost certain the stage at Cincinnati will pass forty feet by Friday night.

Danderine

Grows Hair
and we can
PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J.
"I have been using Danderine regularly. When first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and the 10c silver or stamps to pay postage.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. One of the largest concerns located in this section for a long time is to be installed at South Kenova in the near future, one which will result in the distribution of nearly \$200,000 during the process of construction.

The Columbia Gas and Oil Company, which seems to have a way of doing nothing by halves, will establish a mammoth gas compressor plant at the above named location. The plant will be on the East bank of the Big Sandy river, a short distance South of the C. and O. Railroad Bridge.

It is to have a registered pressure capacity of 4,000 pounds, while there will be two electrically driven pumps whose capacity will be 6,500 gallons per minute. Briefly, it will be one of the most costly plants along the reach between the Big Sandy and Guyan rivers.

Mr. Biddison is the engineer who is to superintend the construction work and his plans and specifications are complete. The work will begin in a few days and it is the intention to have it completed by the time that the Company's big main will be connected up with Cincinnati.

It is claimed that it will be the biggest plant of its kind in the entire country.

MRS. JOHN C. CHAPMAN

Prominent and Much Beloved Lady Passes to Her Reward

Ripley, Dec.

Mrs. Jane Porter Chapman, widow of the late John C. Chapman, died Thursday of last week at her home at South Ripley, from paralysis, aged nearly 82.

The interment was in Maplewood Cemetery at Ripley.

Her son, Charles Howard of Albert Lea, Minn., was unable to attend the funeral on account of absence from home and railroad blockades, and her sister, Mrs. Margaret Robertson of Des Moines, Iowa, was also prevented by illness from attending.

Jane S. Porter was the daughter of Charles and Isabella Porter, pioneer citizens of Ripley, and was born here March 25th, 1827.

She was married April 25th, 1863, to Captain James Howard of South Ripley, who died February 12th, 1872, leaving her a widow with one son, Charles, who survives her. She was again married March 9th, 1893, to John C. Chapman of Brown county, Ohio, who died December 22d, 1907. During their declining years they were well cared for by her step-son, James T. Howard, and his wife.

Mrs. Chapman was a life-long member of the Presbyterian Church of Ripley. She possessed high intelligence and much cultivation, and was fond of reading and books. In her disposition she was kindly and amiable, fond of her friends and society, and very hospitable. She was a refined, Christian lady, who lived a sweet and beautiful life, and will be long and lovingly remembered by all who knew her.

Elder T. P. Degman will preach at the Orangeburg Christian Church next Sunday morning.

Mr. and Mrs. Thomas Anderson of Point-View Farm, Maysville, attended the funeral of the late J. W. Hanna at Dover Wednesday.

Positively no one allowed to skate tonight, even after 9 o'clock, unless costumed. No makeshifts, such as turning of coats, putting handkerchiefs over face, etc., goes.

The Dover Public School will close for the term tomorrow. The teachers are: Prof. Lewis Clifton, Principal, and Miss Edith Farrow and Miss Flora Stairs, assistants.

Portsmouth Blade: "The Big Six Bowling Team may bowl the Maysville team March 8th. This team is to start for Pittsburgh on the 9th and they go with the Cincinnati team so they may arrange to go to Maysville on the 8th and from there they will go to Cincinnati."

Master Russell Thompson, the cute little "candy kid" of Mr. Will Thompson of Front street, got a good ducking and a midwinter bath yesterday afternoon. He was splashing his top on the Market Street Esplanade and the toy flew in the basin of the fountain, which was half full of snow and slushy ice water. In his scramble to recover his top, Russell took a header into the basin and got soaking wet. Mr. Joseph Schatzmann went to Russell's rescue and "swam to shore with him." The boy won't do it some more and Joe earns a Carnegie Medal.

A SIMPLE QUESTION.

Maysville People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Maysville more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Mrs. Della Means, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being a sharp pain through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches soon began to bother me, and I often became so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until I was often confined to my bed for a week at a time. No remedy I used helped me, and I was in a bad way. Dropsical swellings appeared, and there was an almost complete retention of the kidney excretions. My body also bloated, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been freed of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and I obtained so much relief from the first box that I continued taking the remedy until entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The foremost advertising virtue is persistent repetition. One can no more make a single effort, however large, serve for a year's publicity than he could get physical nourishment for a like time from a single dinner.
